80-Cent Gas Law Void, U.S. Supreme Court Rules

*DOES PROHIBITION PROHIBIT? WHAT FIFTY BUSINESS MEN FROM ALL PARTS OF LAND SAY

Out of the Fifty, Thirty-Six Answer the Question in the Negative, Citing Results in Their Own Localities.

In the Average City or Town Liquor Can Be Bought by the Drink, Quart or Case Almost the Same as Before Law Was Passed.

By Roger Batchelder.

In the average city or town as time

names from hotel registers was caught another. Encourage drew No. 27 William Street. The creditors given in the ballroom of the Comme-prompted by geographical regions, so and didn a improve. that New York might learn the results

None of these men was influenced wished to know whether liquor was hand and slowly pushed the eards Pittsburgh. It dealt mainly in securiobtainable in the section in which they apart lived and desired information concerning the facility or difficulty attendant upon the purchasing of it.

Of the fifty men who were withins e give their opinions for publication hirty-six assert that Prohibition ans ot prohibited. Four declare that Equor is easily obtainable by those who want it, but state that Probibition has been of some benefit to the respective communities. Six, while admitting that liquor can be bought either report a scarcity or mention cumstances which seem to tend. ward bone-dryness in the near future. Only four men assert that Prohas prohibited, that liquor is

a negligible factor in their districts. that the dry laws have brought unqualified benefit.

Over half the States of the Union are represented in this survey and (Continued on Fourth Page.)
